

## Bible Spanish 1—What’s In it?

Bible Spanish 1 is different than any other foreign language course you’ve ever seen before. Why? Because it teaches the student how to really communicate, not just a bunch of grammar rules to memorize. The student learns the same way that they learned their first language: sounds, then words, then sentences. We call it “language God’s way.” Because that’s the way God designed for all of us to learn our first language.
